

• SARAH REYES · Release ownership

On the line

What stands out?

SR

You read the release cover note. What stands out MOST about how this package was prepared?

Your read — say it to Sarah

An external contractor assembled the release with no internal review

The cover note is short and a little informal

The partner is in logistics, not security

Nothing — this is a routine partner release

CASE FILE

FACT

The release was assembled with no internal reviewer

ASSESSMENT

No analyst calls recorded yet.

REASON

Record a judgment to capture the reasoning.

• SARAH REYES · Release ownership

On the line

What stands out?

SR

You read the release cover note. What stands out MOST about how this package was prepared?

An external contractor assembled the release with no internal review

YOU

SR

Exactly — an outside account deciding what leaves the company is the thread to pull. Good eye.

Why does it matter?

SR

Why does a contractor self-assembling this release matter?

Your read — say it to Sarah

No data-owner ever signed off on what is leaving the company

Contractors are usually careless with formatting

It will slow the partner down

Logged with Sarah — she has your read on Release ownership.

FINDINGS DRAFTED

0/1 LOGGED

AUTO-DRAFTED

DECISION 1 · RELEASE OWNERSHIP

The release was assembled by an external contractor with no internal sign-off, so nobody inside vetted what is leaving the company.

ANALYST'S BET

STAKED

I am ready to stake a firm recommendation on this release.

SCOPE AT THE STAKE

Settled: 1 fact, 1 judgment. Open: 1 file to classify.

SARAH REYES

You have put your name on this call. Back it with one more sound judgment and the certainty you staked comes back.

CASE FILE

FACT

The release was assembled with no internal reviewer

ASSESSMENT

Release ownership: An external contractor assembled the release with no internal review

REASON

"Partner speed is not our concern here. The point is that no one inside vetted the contents." — Sarah Reyes

UNKNOWN

Employee personal data (PII) is in the outbound release
Regulated customer payment records (PCI) are in the release
Confidential business information is bundled in
A contractor account accessed files outside its remit

ANALYST NOTEBOOK

REASON

"Partner speed is not our concern here. The point is that no one inside vetted the contents." — Sarah Reyes

UNKNOWN

Employee personal data (PII) is in the outbound release
Regulated customer payment records (PCI) are in the release
Confidential business information is bundled in
A contractor account accessed files outside its remit
6 file(s) not yet opened

RECOMMENDATIONS

Open the remaining 6 file(s) to surface more evidence.

FILE CLASSIFICATION — 0/7

What the levels mean: Public Internal Confidential Restricted

release_notes.txt

A cover note for the release. It admits extra finance files were added in.

Public Internal Confidential Restricted
